To complete your dreamline:

Think only of your dreams - what would you do if you could not fail?

Write honestly. What do you really want? "Don't say world peace if you want a Ferrari" -

## TIMELINE

In \_\_\_\_ months my dreams will come true.

Choose your goal, 6 or 12 months. Don't get too far ahead of yourself. You are attempting sustainability in your life as well as your home - that means being realistic about how much you can expect of yourself.
